## SERVICES

### DUCT CLEANING

Unclean ducts tend to cause a whole lot of issues related to allergies and illnesses. Even though regular servicing isn't necessary, we'd always advice to get this done once every 3 years. We use only the highest quality equipment to make sure we eliminate any kind of contamination in your duct, leaving the duct clean and safe.

## SERVICES

### PEST CONTROL

Peace of mind comes as part of this package. We make sure to eliminate all kinds of pests around your property leaving you feeling safe and secure. Meeting client's expectations using minimum amounts of pesticides is our main goal. Unlike a plan where one size fits all, we meet with you and assess the situation, finding a solution that's economical and highly effective.

## **SERVICES**

# **WATER TESTING & TANK CLEANING**

The importance of clean water is known to all. Living in Dubai, we don't get to benefit from water coming directly to us, without going through a water tank. Clean water, means needing to have a clean tank, and we will make that happen after just one call from you. Our experienced certified technicians first test to check and then disinfect the tank as per municipality laws, standards and procedures, leaving you with clean safe water.

## SERVICES

### DEEP CLEANING / GENERAL CLEANING

Sit back and enjoy while we clean up your mess. Our dedicated and efficient team of cleaners will keep you feeling satisfied and asking for more. From the hardest to reach areas like oven interiors, hard to reach places in shelves to just a general cleaning we do it all. We all offer steam cleaning services.

## SERVICES

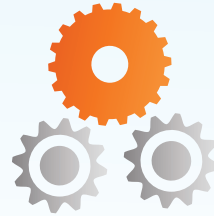

### COIL CLEANING

An AC evaporator coil is basically the mechanism that delivers cool air out of your air conditioning unit, thus making it essential to have it cleaned at regular intervals.

Avoid discomfort in terms of bad AC cooling, and leakages and give us a call to get a clean effective way of maintaining your AC coils.
